IMPORTED SAILS

World Famous Rockall sails. Made in England, the country famous for its dinghy sailors, by the World's largest small boat sailmakers. These fine sails are made of "Terylene", which is the English trade name for the material we call "Dacron". Rockall sails are used the world over (exported to over 70 countries) and are unconditionally guaranteed by the maker. Penguin mainsail including sailbag, battens, insignia and numbers, is priced at \$61.25. Money refunded if not satisfied. Comparable low prices available for other classes will be supplied on request. Order now for immediate delivery or write for free illustrated leaflet. Free sailing accessory, with retail value of minimum of \$7.00 given with each purchase.
